Hacktoberfest

RocDev

Making your first Pull Request

Wednesday, **October 3** at **7pm**
Paychex, 675 Basket Road, Webster

 DigitalOcean  GitHub  twilio

Goals

- ✦ Introduction to Open Source
- ✦ Introduction to GitHub and Pull Requests
- ✦ Get free shirts!

Open Source

- ✦ **Developed for everyone to see**
- ✦ **Licensed to include the source code**
- ✦ **Collaborative**

Open Source

- ✦ Educational
- ✦ Foundation for further innovation
- ✦ "None of us is as smart as all of us."

Licensing

This is what makes your source open.

I am not a lawyer.

Choosing a License

- ✦ Permissive?
- ✦ Do you care about patents?
- ✦ Viral?
- ✦ Fitting in?

<https://choosealicense.com/>

Permissive: let anyone do whatever they want with the code.

Patents: must contributors grant use of patents they hold?

Viral: should derivative works also be open source?

Fitting in: what do other projects in this language or domain use?

Enough, let's make a Pull Request

What you'll need

- ✦ **GitHub account**
- ✦ **Register for Hacktoberfest**

How This Was Made

Brian Boucheron (@beardicus) made **rocdev-hacktoberfest.png**.

```
convert rocdev-hacktober.png -crop 0x0+150+0 rocdev-hacktoberfest-cropped.png
```
